

## **21 Hot Tips To Develop Your Personal Success Strategy**

By: Roger M. Ingbretsen

Successful people are continually seeking ways to enhance their core talents, skills and competencies so they can improve their personal strategy for success. They want to leverage that knowledge so they can add value to their personal life, relationships, their clients, (internal or external) and become even more successful in their daily endeavors.

When asked to define a “winning personal success strategy” many business people, community leaders, educators, and other “successful individuals” in many walks of life, provide the following guidance.

1. Continuously read, absorb, and learn new and relevant information
2. Listen well and speak clearly and convincingly
3. Make sure your actions get results and have a positive impact on daily outcomes
4. Manage your time wisely; spend it on the important things
5. Always follow through on your commitments
6. Accept that you are living and working in a world of constant change and deal with it
7. When possible, exercise your ability to persuade and to influence change
8. Be honest with yourself and others
9. Never lose your sense of inquiry and curiosity
10. Challenge the status quo and live outside your comfort zone
11. Continually innovate and have an impact on others
12. Have a strong belief in a purpose and a willingness to express that conviction
13. Deal respectfully with others even when there is a difference of opinion
14. Welcome feedback from all sources
15. Network, network, network, and then network some more
16. Apply a positive attitude because it always makes the difference
17. Demand more from yourself than from others
18. Don't live the life of a spectator; you must stay in the “do” mode
19. While you pursue what you want in life, be happy in what you have
20. A winning strategy always involves some level of risk.
21. Persevere and success will be the obvious outcome
